

PLANNING YOUR BUSINESS TRIP TO IRAQ

Olive Group facilitates business across the globe. We lead the way in ensuring that companies can trade and thrive even in the most challenging of environments. We have operated in Iraq since 2003 with an extensive and expanding client base across many commercial sectors and are recognized as a growing proponent in the delivery of successful security solutions for the Oil and Gas and Energy Sectors.

Olive Group offers proven and professional turnkey market entry solutions to our clients. These range from assessment of situational risk - including political and economic risks, regulatory environment, security situation, and location specific issues - to business intelligence around partners, supply chain and service providers, to creation of a stakeholder management strategy. Our approach is entirely focused upon enabling your business in Iraq.

The purpose of this flyer is to provide a typical example of how Olive Group facilitates a commercial visit to Iraq. The paper outlines the processes required to ensure the visit is properly structured and allows the Company to exploit its time in Iraq to explore the rich array of business opportunities in the country.

PREPARATION

Making contacts – Our team will ensure that your visit itinerary is planned to maximise the time you have to do business. We have unrivalled access to Iraq’s key personalities and we can help you develop your market entry strategy.

Visas – Olive Group can arrange visit (emergency visas) visas that remain valid for 10 days whilst in Iraq..
Medical Insurance – Olive Group can brief your Insurance providers on what cover is advisable for your visit.

TRAVELLING TO IRAQ

From the United Kingdom you will stage your journey either through Dubai, Jordan or Kuwait. Olive Group can arrange all the travel, transport and accommodation for you. You will then fly into Basrah International Airport. Olive Group can arrange your flights for you.

- Option 1 (PREFERRED*): Dubai to BIAP
- Option 2: Kuwait City to BIAP
- Option 3: Amman to BIAP

*Dubai is preferred because Olive Group’s global headquarters is in Dubai so they can provide a face-to-face pre-deployment briefing in their co-located 24/7 Control Centre 24hrs prior to departure.

ARRIVING IN BASRAH

Pick up and transfer to accommodation – All relevant mobile phone numbers (including Olive’s 24/7 Control Centre hotline) will be exchanged before the traveller flies in to ensure a seam less pick up. Once you have cleared customs and immigration (by submitting passports and the Letters of Invitation Olive provides) you will be met by an Olive Group PSD Team Leader and transfer you and your luggage directly to the accommodation.

ACCOMODATION OPTIONS

In Basrah you will be accommodated in the Basra B&B which is located within the COB and is a secure compound.. Accommodation is not luxury but serves a functional purpose and has all the required amenities.

The B&B provides the following services:

- **Catering** – A full dining facility is available; Western Diet.
- **Internet access** – Internet access is provided in the rooms at the accommodation.
- **Laundry facilities/ gym/ hairdressers.**
- **Telephones** – International roaming on a UK SIM (GSM) will work, although GPRS coverage is still fragile. You will need to check with your telecoms provider. Alternately Olive can provide you with a pre-paid SIM on arrival.
- **Environmental Training** – Once you are settled in, Olive staff will take you through the safety information needed to travel in Iraq.
- **Visits** – Olive will secure you wherever you need to go. Working with you in advance we will ensure that your visit is maximised by developing a detailed itinerary.

TRANSFERRING TO BAGHDAD

Getting to Baghdad is very simple indeed. Olive Group will drop you off at Basrah International Airport where you will take an internal flight to Baghdad International Airport (BIAP).

Pick up and transfer to accommodation – Olive Group will meet you at BIAP and transfer you and your luggage directly to the accommodation. Your move to the International Zone will take approximately 15 minutes. It will be in a high profile Olive Group Private Security Detail

PVCP = Permanent Vehicle Checkpoint
CP12 = Checkpoint 12 (the main access/egress point into the IZ from West Baghdad (Joint US and Iraqi Army).

- Accommodation options – Olive Group can accommodate travelers in the Olive Group Client Villa
- The Olive client villa is in a secure location within the International Zone.
- The Olive client villa has full life support facilities.
- Accommodation is not luxury but secure, serves a functional purpose and has all the required amenities.
- Private office and conference room facilities including high speed internet access are available on-site. Clients conduct meetings with government officials here on a routine basis. Olive can conduct technological counter surveillance sweeps of the conference room prior to your meeting on request.

Once you have completed your meetings in Baghdad Olive will deliver you back to BIAP for your external flight. This will be the reverse of your movement to the International Zone and the PSD team will stay with you until you have safely departed the airport back to either Dubai, Jordan or Kuwait.

Olive Group can assist with arranging every aspect of the visit for you including, flights, visas, transfers, accommodation and food.

FREQUENTLY ASKED QUESTIONS

How safe will I be?

At all times Olive Group will be protecting you. We maintain a very detailed knowledge of the situation on the ground. Our intelligence analysts monitor a wide range of sources and provide detailed guidance in any area. Our vehicles and equipment are to the highest standards and our experience is second to none. Ensuring your safety is our primary function. What happens if I fall ill during the visit? – The Olive teams all have a highly qualified medic (Level 7) within them. If required we can transfer cases to the US Hospital in Baghdad. In emergencies we can also arrange for medical evacuation back to the UK.

Can I be tracked during the visit?

Yes. The SecureLocate™ service provides clients with a unique tracking/locating and reaction capability for people, assets and vehicles. The service can use GSM or Satellite systems and may be monitored in our Control Centre or on a clients lap top via a secure web connection.

A large multi-national oil and gas organisation has used SecureLocate™ in the Middle East to enhance the security of its management team, expatriate families and corporate assets.

How do I find out more?

You can call us anytime at any of our offices to talk through your requirements, or we can visit your offices to discuss in greater detail how we can help you access Iraq.
